

Photography & Video Consent Form

Why does After Adoption need photos and videos?

Promoting our work with people involved in adoption is really important for us to gain support and awareness throughout England and Wales. Being able to include new photographs and video of real people who use our services is by far the best way for us to do this.

Examples of how we use photos and videos include leaflets, brochures and posters, newspapers, magazine articles, and publications for the Internet. All of these uses reach out to different groups of people, helping share information about our services as widely as possible.

I agree that the photograph(s)/video(s) recorded may be used to promote the work and activities of After Adoption in the following ways:

- 1. National media
- 2. Regional media
- 3. Online
- 4. After Adoption's website
- 5. Social media

Name of person featured	
Consent - parent/guardian's name (if child featured is under 18 years)	
Signature	
Date	
Telephone number	
Email address	

After Adoption promises to respect your privacy. Data we gather and hold is managed in accordance with the Data Protection Act (1998). We will not disclose or share personal information without your prior consent.
